Base Ball National Convention. The tenth annual Convention of the National Association of Baso Ball Players; was held in Chleago on Wednesday. There were some 600 representatives of base ball interests, most p

In view of the distance of certain States, it was decided to encourage the establishment of base ball conventions which, if compused of eighteen clubs might be represented in the Con-vention by two delegates. A number of siturations were made in the rules and regulations of the game, touching the fair delivery of balls, &c. it was decided that the pitcher shall deliver the ball fairly for the striker.

#### A Donation Party.

[Communicated.] There was a donotion party on Saturday evening last at the Atlantic Hotel, of which we desire to write a few words. It was not of the kind given to metropolitan pastors, whose princely salaries are counted by thousands, and the coatly gifts of plate and furniture denote the wealth as well as the generosity of his congregation; nor but was it modeled after the "donallon visits" given to poor country parsons which often times by the niggardly gifts of cabbages and pumpkins make us think that if "the way of the transgres sor is hard," the way of a poor parish minister is harder. Neither of these was a prototype of the donation party to which we aliade. In fact, it was not given to one of the clergy, but to one of the laity-to a christian gentleman, formerly successful merchant of this city, whose for tunes have fallen and whom Provid

After full justice had been done to the oysters served up in the unexception able style of this Hotel, the company separate and while doing so one of the number slipped into the hand of the astonished recipient a goodly roll of greenbicks. It was what a typo would call a "fat take," and the moistened use betokened the gratitude for, and the appreciation of, the delicate kindness. No speeches were made, no toasts were drank, but it was an occasion that will always be remembered pleasantly by the participants.
